Airbus A330 Intake Plug, framed bi-fold type

Airbus A330 Intake Plug, framed bi-fold type

Section 3: Plugs & Protection

Framed Bi-Fold Intake Plugs are designed for large commercial jets where standard foam filled plugs are too soft and bulky to be practical. They feature a special folding aluminum frame with four vinyl jacketed foam sections around the perimeter. These plugs are designed to fit snugly into the intake cavity, yet be foldable to a practical size for storage. Comes with storage bags. Wheeled cart for long term storage also available.
